

Supported Employment

Invest in your business *and your community* by partnering with ICAN.

Hiring our clients at your company is not only a great way to give back to your community, but it also makes good business sense.

Benefits of Supported Employment

Free Training and Support

We provide the training and ongoing support that our clients need to succeed, free of charge. You just provide the opportunity to work.

Guaranteed Reliability

They work under the supervision of one of our job coaches at no extra cost to you. This means that each task will be completed correctly in a timely manner.

Reduced Turnover or Absenteeism

For our clients a job is more than a way to earn a paycheck; it is a chance to be a contributing member of society. That is why our clients prove to be incredibly loyal and dependable, often thriving in positions that typically have a high turnover rate.

No Long-term Obligations

We will do our best to find the client that is a good fit for your company. However, if after a trial period, it is not working then you are free to request a new placement or withdraw the position altogether.

We are confident that we can find a place for our clients at your business.

Let us help you find a way to meet the needs of your company and make a difference in the life of a person with disabilities.

Companies that have hired our clients:
